ABOUT ME

Hi, I'm Abdullah Alhasan. I have graduated with a degree in software engineering and am simultaneously working as a freelance web developer, specializing in both front-end and back-end development. You can explore my projects and contributions on my GitHub profile to get a better understanding of my skills and expertise.

As a software engineering graduate, I actively engage in freelance projects focusing on web development, adeptly handling both front-end and back-end tasks.

WORK EXPERIENCE

Jan 2021- Full Stack Developer freelance

As a Full Stack Developer, I specialize in both front-end and back-end technologies, ensuring end-to-end development expertise in web applications.

Aug 2022 - Database Developer

As a Database Developer, I design and optimize databases to ensure efficient data storage and retrieval for applications.

2023 - System Security and Testing

I specialize in ensuring robust system security through rigorous testing methodologies, safeguarding against vulnerabilities and ensuring reliability.
